

Creative Scholarship Day Faculty and Staff Art Show

March 22, 2006 marks the opening of an exhibition of art created by the very talented faculty and staff of Shenandoah University. The show represents the work of different artists, each of whom has a singular style. Vivid colors, shapes and contouring lines come together in art that waits to be discovered!

The show is open through April 7, 2006 and is on the second floor of Smith Library, adjacent to the Marsh Conference Room. Don't miss the opportunity to view the creativity of the faculty and staff here at Shenandoah University!
